Portal Service

What is Portal Service?

A Pre-Order is your selection of a vehicle in Japan that matches your search criteria, right down to the vehicle color.

Why Choose Portal Service?

- ✓ Cheaper by up to \$1,500!
- ✓ You pick your vehicle in Japan!
- ✓ 100% Satisfaction Guarantee!
- ✓ Safest way to import a vehicle!

How does Portal Service work?

- Step 1** Fill out Terms and Agreements.
- Step 2** You will receive daily search findings that match your search criteria with translated documentation on that vehicle.
- Step 3** Give us the go-ahead once you see a vehicle you simply cannot resist.
- Step 4** We purchase the vehicle and have it shipped to our office in Nagoya, Japan, where it undergoes a mechanical inspection and photos.
- Step 5** You approve the mechanical inspection and it is loaded onto our next container out! If you see something you don't like, the vehicle is sent back to the auction without penalty!
- Step 6** Drive away in your new vehicle 4 - 6 weeks later, once it has been Certified, Emission Tested, HTA Complied and has a Powertrain Warranty!
